

FirstSource is Calling...

...and these innovative supermarket seafood buyers and suppliers have already answered the call. They've registered to take part in two days of one-on-one meetings, networking, product tasting, and relationship building at the second annual *FirstSource: Retail Seafood*. They're not alone, either...many additional companies have verbally committed, while others are giving the event serious consideration.

FirstSource will sell out all 25 buyer and 30 supplier slots. But it's not too late if you act today. Hotel, airfare, food and beverages for buyers are covered by the event organizers. A limited number of pre-qualified suppliers pay a fee to take part.
